PERSONAL PROFILE

As a Web Developer, I bring a solid understanding of HTML, CSS, JavaScript, and frameworks like React and Node.js. I am dedicated to crafting responsive, intuitive websites and applications that tackle real-world issues. With a Bachelor's degree in French and Psychology, I have a unique perspective on the intersection of language, culture, and technology. My experience in freelance web development and language tutoring has honed my communication, problem-solving, and adaptability, making me a valuable asset to any tech team.
